About Me

I am a passionate and motivated Computer Science and Engineering (CSE) graduate actively seeking job opportunities in the tech industry. With a strong foundation in programming, software development, and problem-solving, I am eager to contribute to innovative projects and grow as a professional. I have hands-on experience with python, JavaScript, Meta business suite, and I'm always enthusiastic about learning new technologies. My goal is to join a forward-thinking company where I can apply my skills, collaborate with a talented team, and continue developing impactful solutions.
